Crying again?

Who is it THIS time?

N-nobody...

But... Eli...

I don't want Eli to-

UGH, SHUT IT!

Eep!

It's already done, so stop crying already!

You got hurt...

Huh?!

Ew, don't cry over me, that's weird!

Honestly. What are you going to do without me?

You're never gonna get anywhere with tears all the time.

Owwwww

There's no need to cry all the time.

I take care of your troubles for you.

So go make mom and dad proud or something.

And if you can't come to me for some reason,

I'll go looking for you instead.

Got it?

Y-yes. I got it....!

Wake up.

Wake up, woman.

You need to stay awake.

Thump

Thump

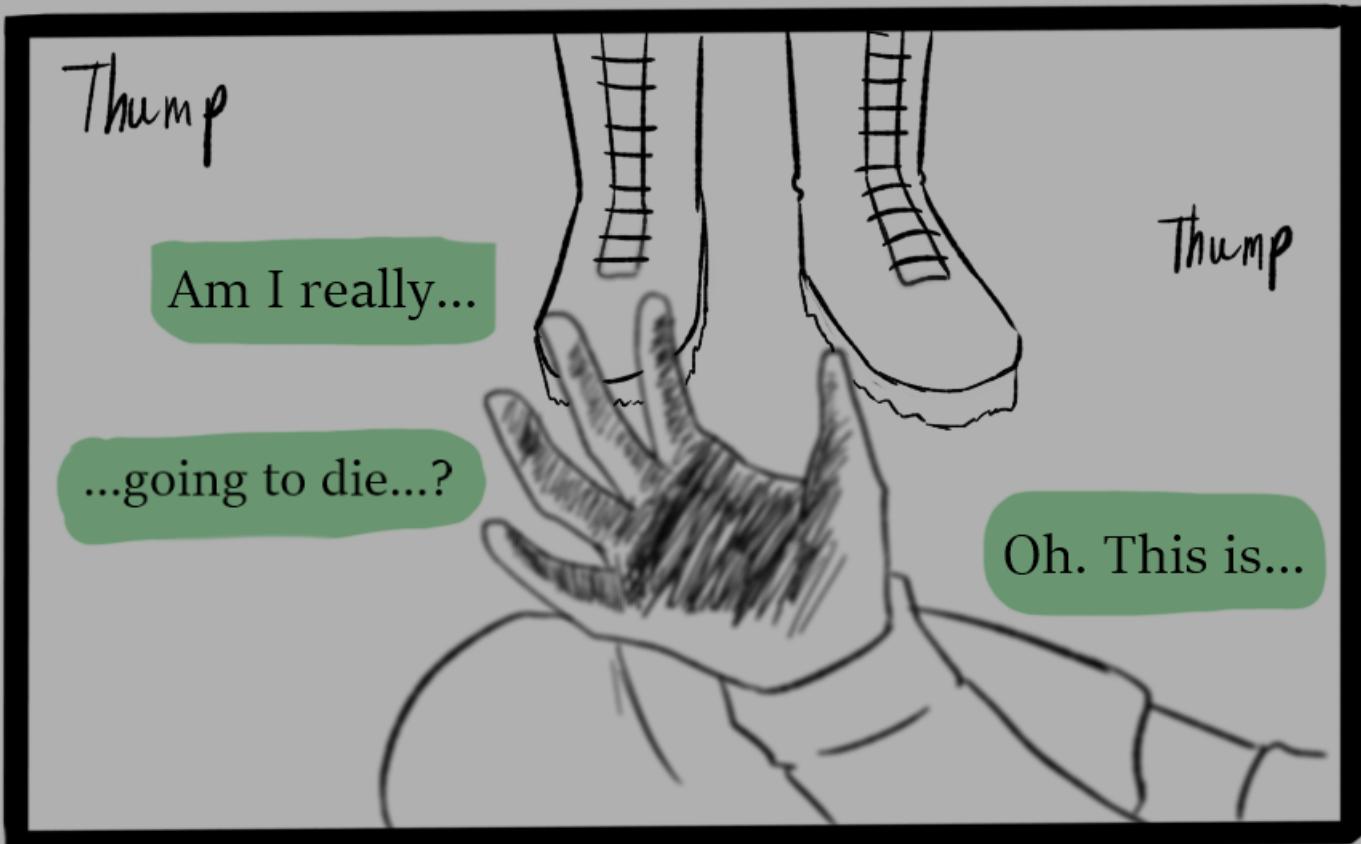

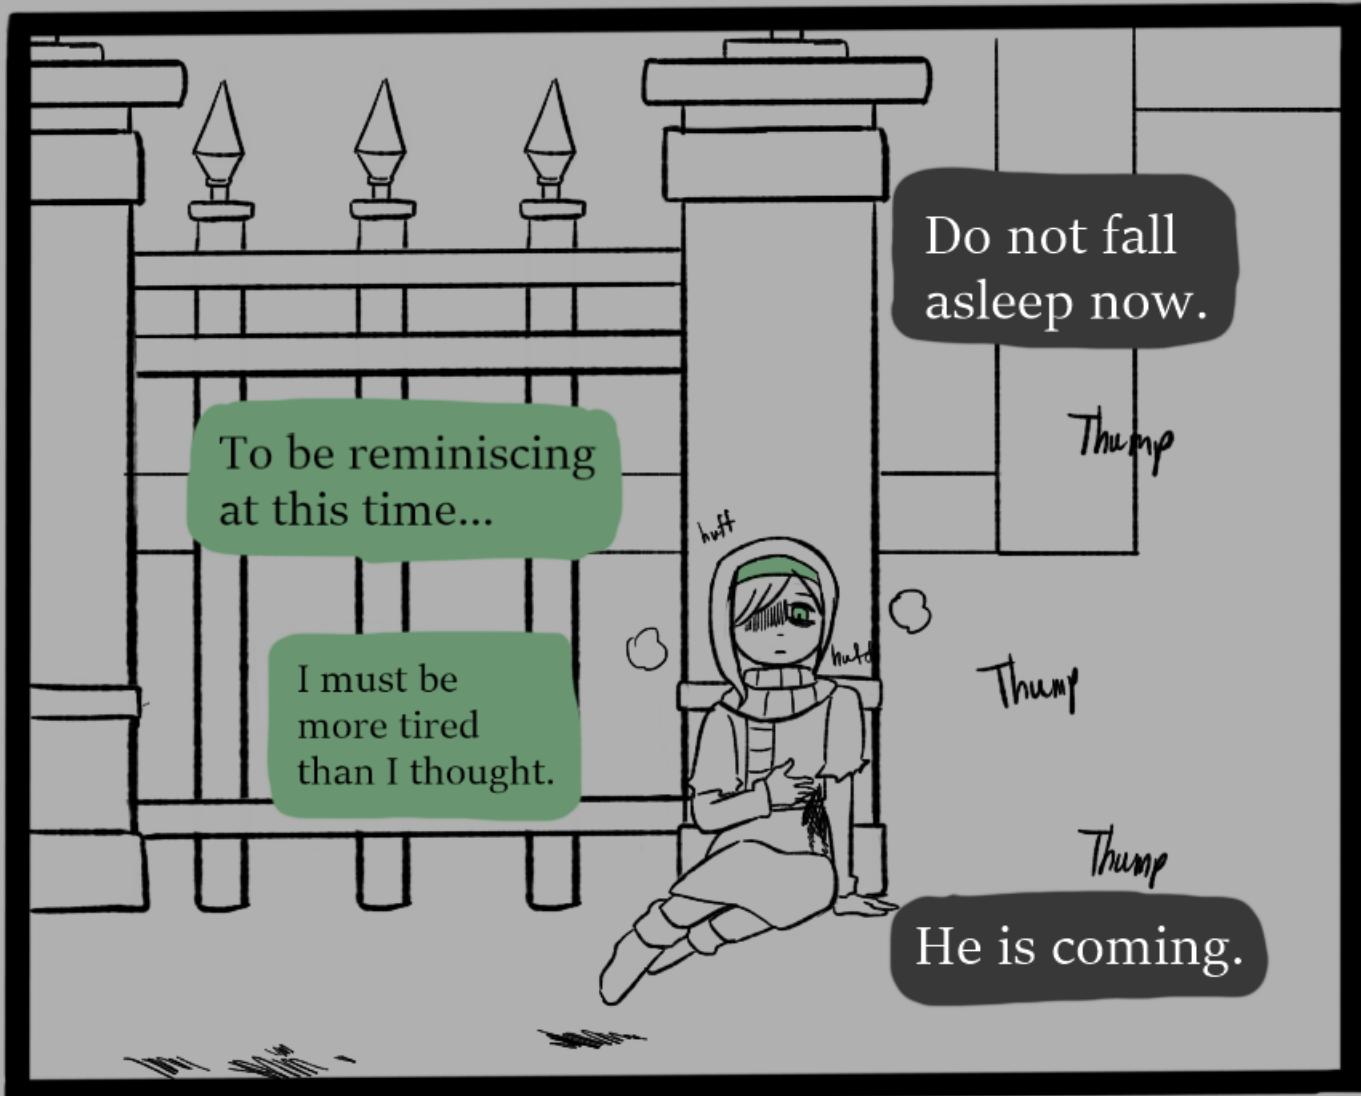

...?

Woman.
Stay awake.

Am I blacking
out already?

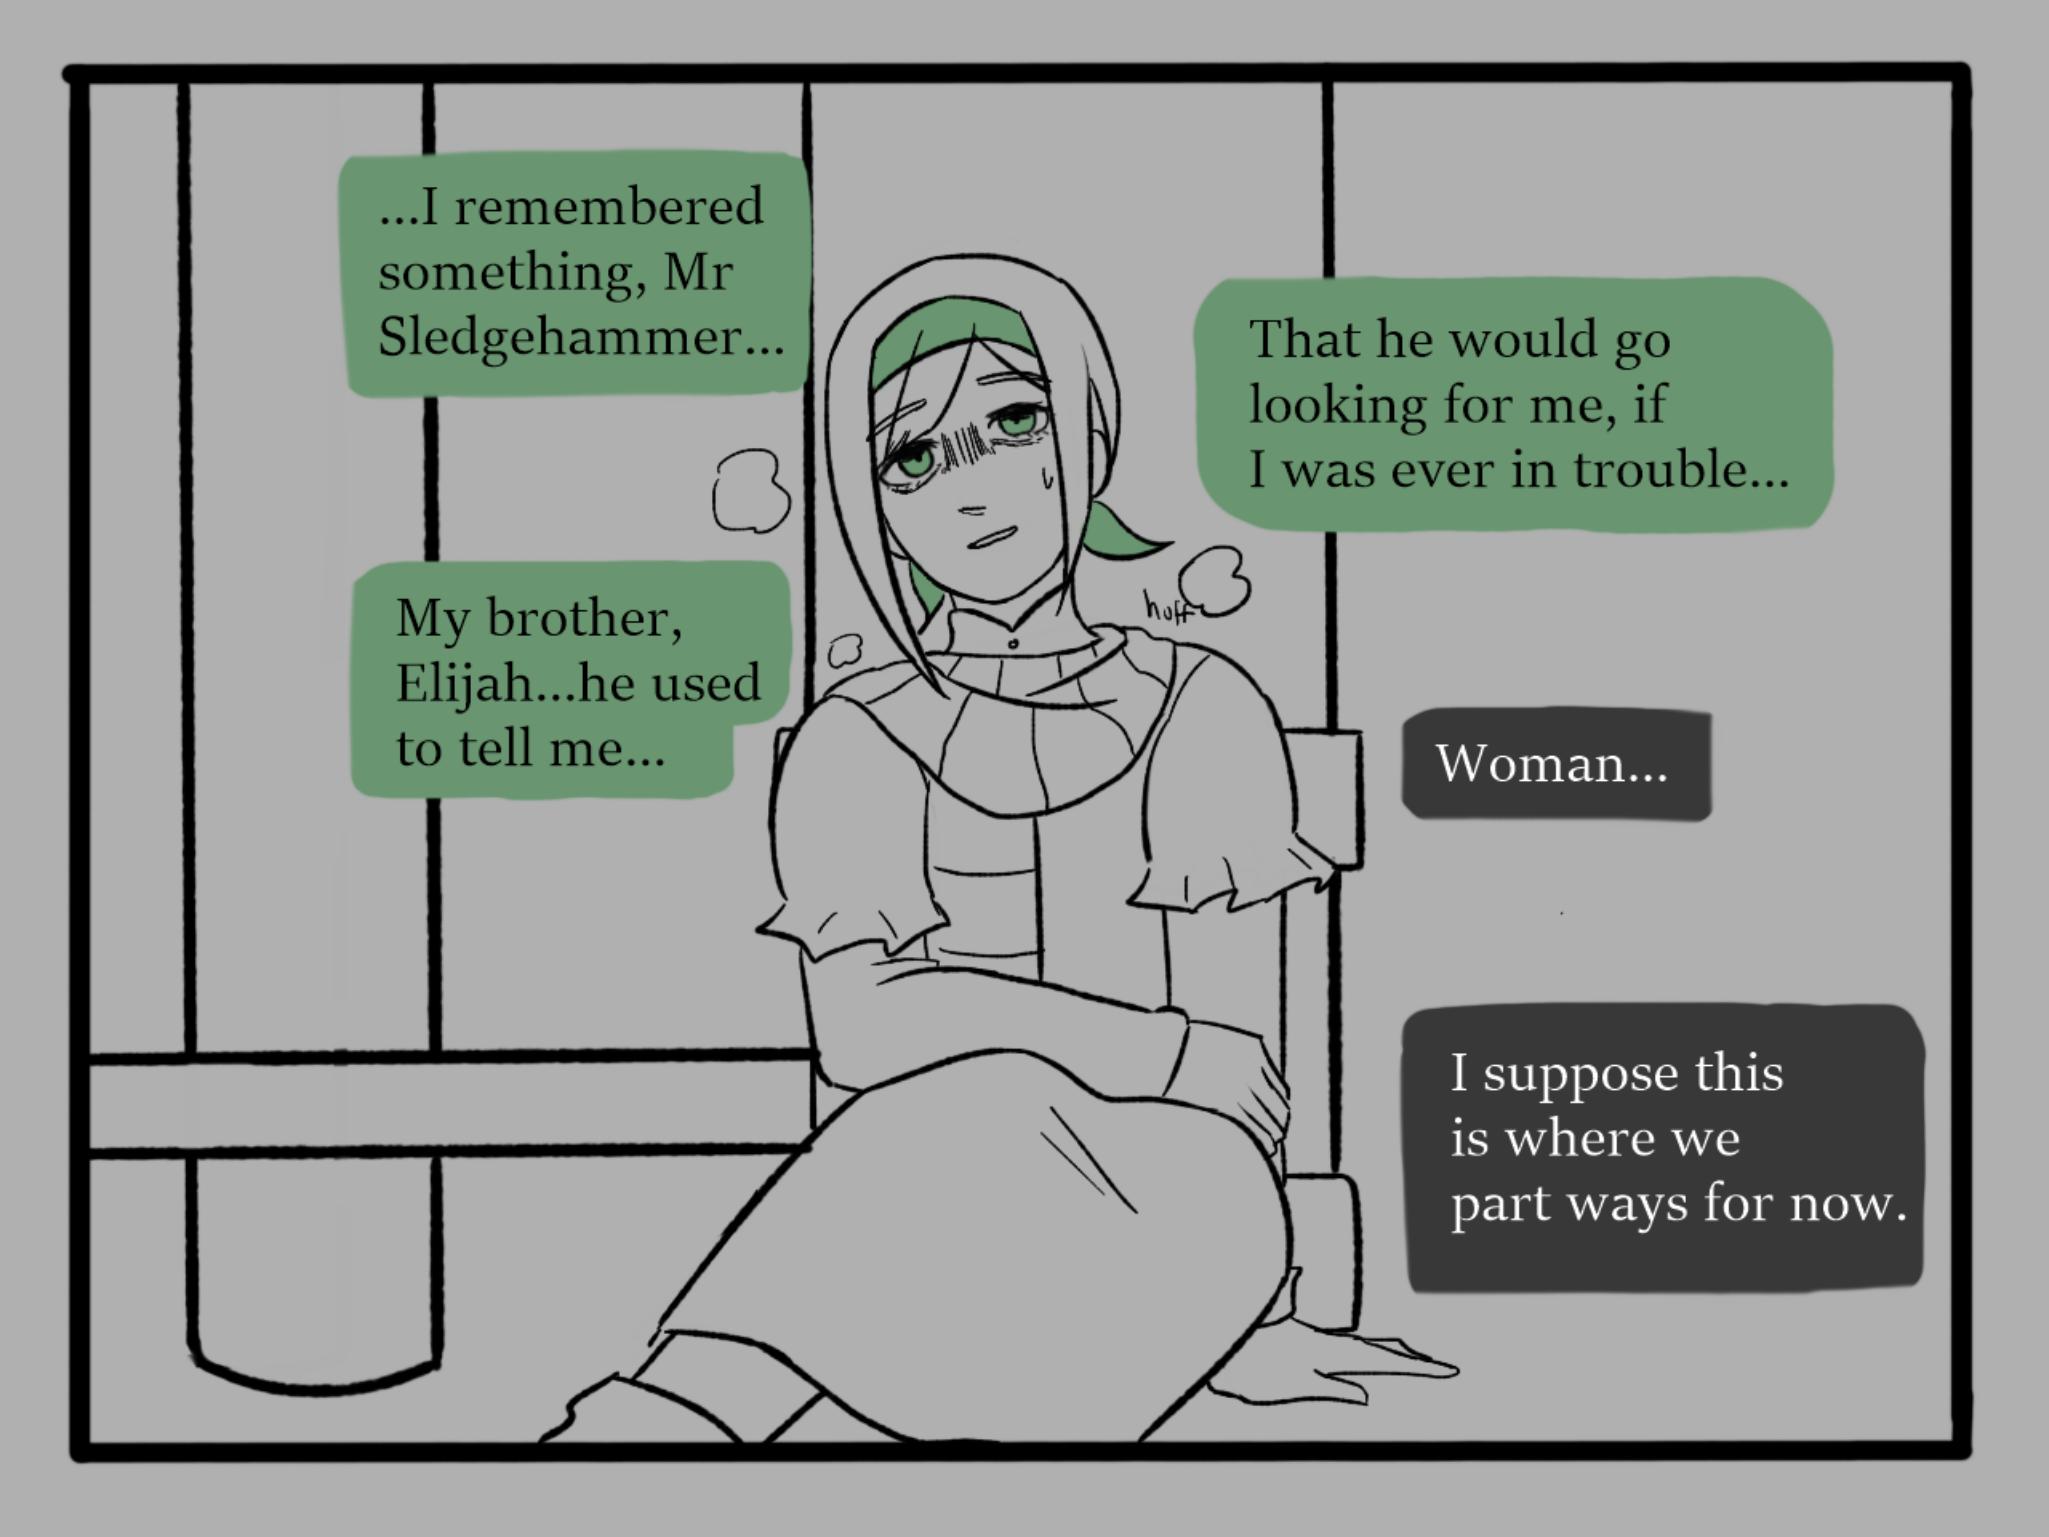

What a
strange memory.

huff..

Hello again...

...I remembered something, Mr Sledgehammer...

My brother, Elijah...he used to tell me...

That he would go looking for me, if I was ever in trouble...

Woman...

I suppose this is where we part ways for now.

...I never got
to tell him...

how grateful
I was, that he...

...always looked
out for me.

...t-the
moon....

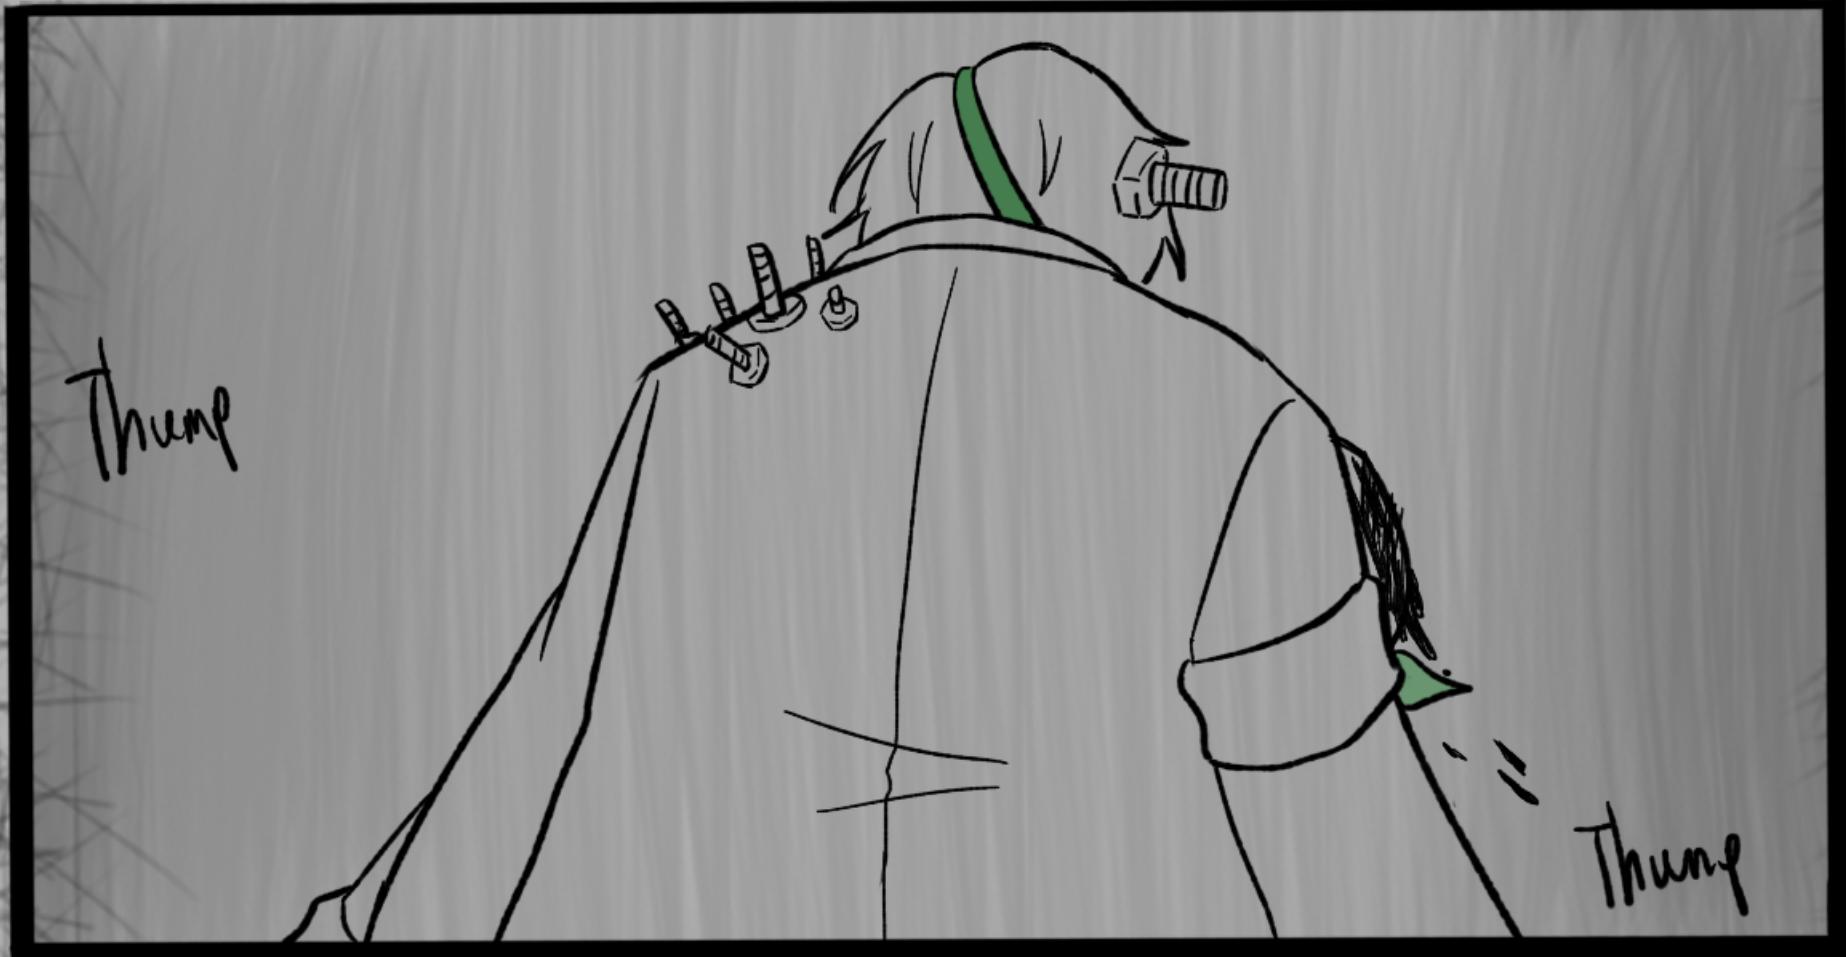

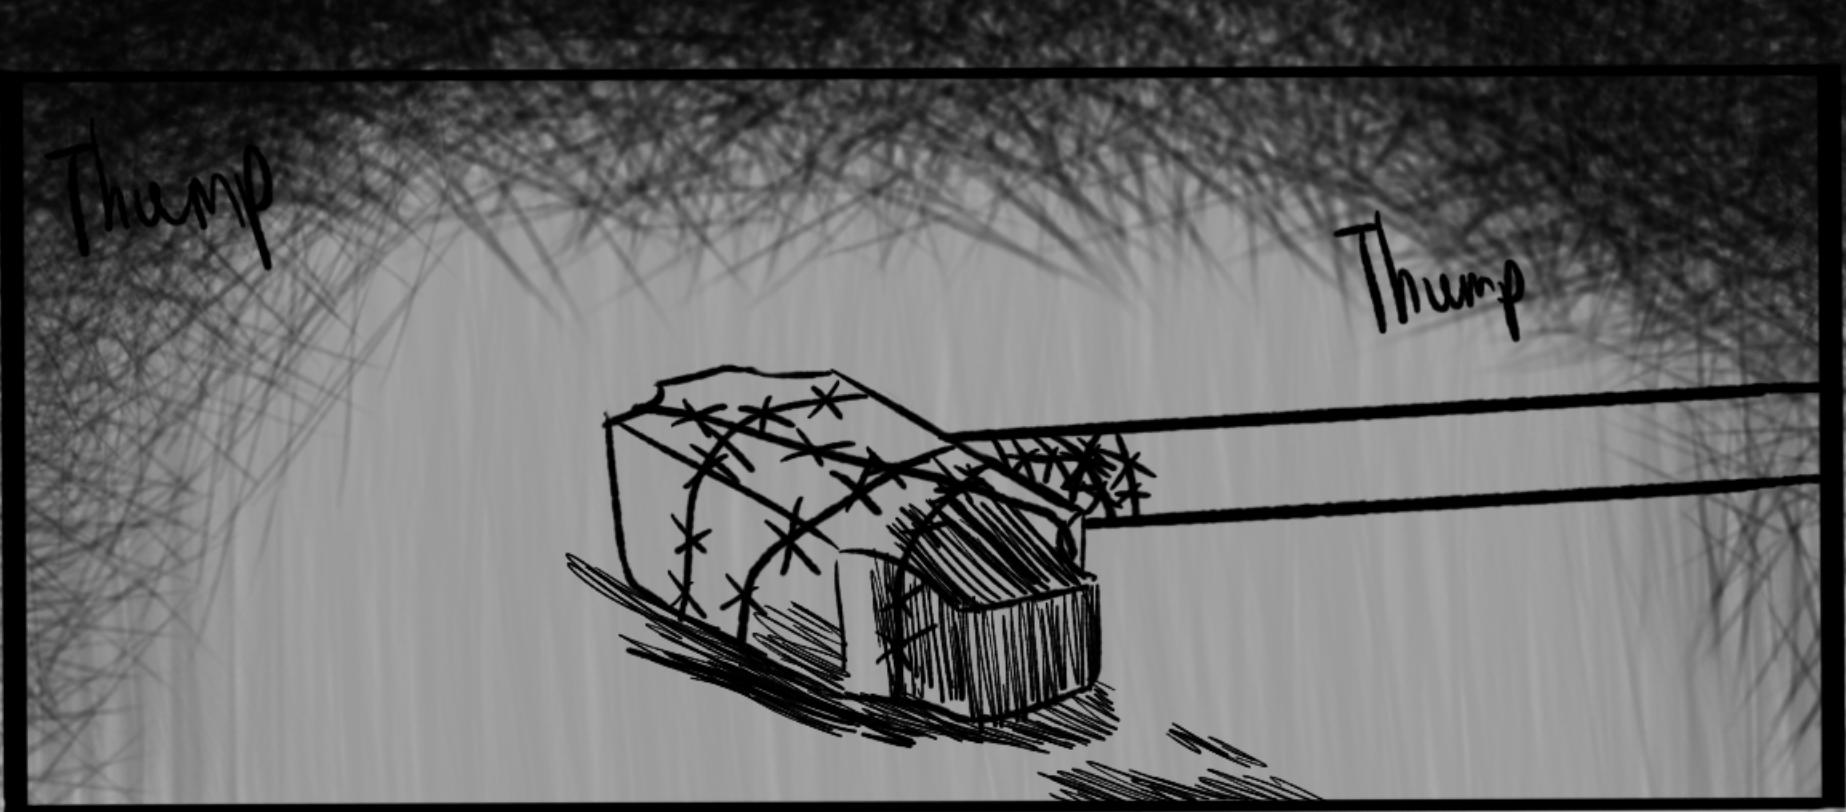

Mr Sledgehammer...
I don't want to
become like them.

It hurts.

I want to go
home to mom,
dad, and Eli.

So...
help me...
...please...?
